## **PTFE NON-STICK HEAT PRESS COVER SHEET | 18" X 16"**

**SKU:** AJ181613

---

**Categories:** [PTFE Cover Sheets](#), [Specialty Graphics](#)

### **PRODUCT DESCRIPTION**

#### **PTFE NON-STICK HEAT PRESS COVER SHEET | 18" X 16" | 2 SHEET PACK**

Essentialware's industrial strength non-stick cover sheets are top quality, 5 mil, Triple-Coated advanced fluoropolymer (PTFE) fabric that outperforms other 18" x 16", 2 sheet pack, non-stick Teflon cover sheets. This sheet is a necessity when using sublimation or heat transfers. It protects the garment and machine from bleeding and ghosting when using colored transfers.

**\*Note\*** For orders over 100 units, please [tab over to Inquire About This Product for a custom quote](#).

#### **PTFE NON-STICK COVER SHEET FEATURES & BENEFITS**

- Waterproof & Washable - messy substances like glue, wax or clay effortlessly wipe away

and other crafting projects,. Other uses included baking, cooking, and conveying.

- Can be cut to any size - This sheet can be used for a wide variety of craft projects. Just trim the sheet to size

## Tips for a Better Transfer

1. Remember to **adjust your heat** press pressure to accommodate for the pad and material you're transferring to
2. Begin every press with a **fresh transfer sheet**
3. **Tape down** your image so you don't get a duplicate image, known as **ghosting**
4. Remove the transfer in **one quick, fluid motion**
