PRODUCT DESCRIPTION

PTFE WIDE WEAVE MESH BASKET - IMPROVED AIRFLOW = ENHANCED CRISPINESS

PTFE non-stick baskets not only provide the convenience and ease of easy clean-up, the open mesh design permits an even distribution of heat allowing food items to cook evenly and completely. Use the Essentialware PTFE basket as a carrier for your sandwich, hoagie, burrito or pizza and place into any microwave or microwave/convection oven for quick preparation. One Essentialware PTFE basket will provide **months of non-stick performance**. PTFE mesh baskets are also perfect for straining hot food items such as fries, potato chips, pasta and noodles.

PTFE Non-stick Baskets and Mesh products are made from FDA-approved PTFE material and are food safe. Essentialware's baskets are produced to outperform and outlast other PTFE mesh baskets. Do not allow basket or mesh surface to come into direct contact with flame or radiant oven coils.

This PTFE wide weave mesh basket is 8.5" x 11.5" x 1", shipped 1 in a pack.

We recommend using oven paddle for insertion and removal of basket to extend product

life. Do not use metal tongs.

ADDITIONAL INFORMATION

Weight	1.6 lbs
Dimensions	14 × 8 × 8 in
